

Chris Middleton, DBA
Director, Laboratory Operations;
Administrative Director; GCC Cores
Georgia Cancer Center
Augusta University

I am the acting Director of Operations and the Administrative Director of Shared Resources for the Georgia Cancer Center (GCC) at Augusta University. The GCC has seven core facilities and 75+ common shared research resources. I have been in academic research as a core director and administrator for 15 years. I received my bachelor's in biological engineering from the University of Georgia, my MBA from George Washington University, and my doctorate from Wilmington University.
