

Thayumana “Soma” Sundaram is the Director of X-Ray Crystallography Facility and has managed it since its inception in 1993 at the Institute of Molecular Biophysics, Florida State University, Tallahassee, FL. He is a member of the Executive Board and the immediate past president of ABRF and the past president of SEASR. He received the 2017 Florida TaxWatch Productivity award for his work on the Scientific Equipment Database and Web Portal, a

public web site that provides information about FSU-wide Core Facility equipment and services. In 2021, he received the FSU Distinguished University Scholar Award, the highest award given to a non-tenured faculty at FSU. [[Website](#)]
